Knowland Park Open Space

Oakland Zoo preparing for development

in the Knowland Park Open Space. Please join your neighbors to ensure that this space can be preserved for public use.

The Oakland Zoo is planning an aerial Gondola, a restaurant/visitor's center, veterinary facility, and animal pens as part of a new theme park in the upper portions of open space in Knowland Park.

The Friends of Knowland Park are working to ensure that this wonderful open space remains free and accessible to the community in perpetuity. We believe this land should remain open for kids to freely explore the nature around us, for people to be able to take a deep breath at the end of a long day, and to get their dogs out for some leash-free exercise.

Please make your voice heard.
